President's Message

Hello Everyone,

I hope that you have stayed cool through this hot summer. As we near the end of summer more comfortable temperatures will be here soon to make for more enjoyable detecting. For those die-hards who have been out in the heat I hope that you have done well with your finds. We will not

be having the Finds of the Month this month because it is our Club Picnic this month.

I would like to extend a big thank you to everyone that actively participated in our show and tell session last month. I think that everyone enjoyed hearing the different stories that people had in the find that they made through their metal detecting experiences. We all realized that the greatest find that we have found are our family and friends.

This month we have our annual NUTS Club Picnic, which is sure to be a great time with wonderful food, friends and a metal detecting rally for the kids and adults along with some great prizes. See the attached section on the information about our club picnic. Also a reminder that those that have volunteered please remember to bring your Bar-BQ grill.

Thanks everyone for all of your time and support for helping the NUTS Club succeed. I look forward to seeing you all at the picnic.

Thanks,
Todd Monson

Reminder

Beth Deisher Book Signing

On August 22nd Beth Deisher will be at Bob Campbell's store, *All About Coins*, from 10 am till 5 pm signing books she has authored and again that evening at the NUTS Club picnic in Riverton at 6:00 pm.

The books will be available at a reduced cost:

1. *Cash in Your Coins: Selling the Rare Coins You've Inherited* If you have some old coins, but don't know what they are or how much they are worth, this book is for you. Easy to understand, easy to navigate, Beth wrote this guide for those who have a bunch of old coins they'd like to sell, but don't know where to start or to whom to turn. Turn the pages of this book and follow along as she guides you step-by-step on an adventure likely to end with some extra, spendable cash in your pockets.

\$9.95 ⇒ \$3.00

2. *Making the Grade: Comprehensive Grading Guide for U.S. Coins.* The grade of a coin or level of preservation is a key factor in determining its value. Let this book help you determine the grades of your coins. Color maps show you the areas of the design that are most important and pin-point the design high points. Plus color images of the various grades allow you to compare your coins and match the grade. Every circulating design type of U.S. coin produced by the U.S. Mint since 1792 is included.

\$39.99 ⇒ \$32.00

3. *Coin World Almanac, 8th Edition: One-Volume book of facts.* Curious as to the most valuable coins in the world? Do you know how many denominations of U.S. paper money have been printed? Or, who was the first person to be depicted on a U.S. coin? The answers to these questions and thousands upon thousands more can be found in this book of facts about money.

\$19.99 ⇒ \$16.00

Please! Cash or check only ---- No Credit Cards.

Authored by one of the most trusted authorities in coin collecting. For 27 years Beth was the editor of Coin World Magazine, the world's largest and most widely circulated numismatic magazine available. With Beth's vast amount of knowledge and experience, she is able to guide you with these books to build upon your numismatic knowledge that will help you identify the best strategies to save and make hundreds to thousands of dollars over long term buying and selling of coins.

Please do not miss this great opportunity.
